

Fruit Tree Netting and Bird Deterrence Project Netting Distribution Application 2026

Please complete this form to receive netting for protecting crops on Kauai from bird damage. The project has a limited amount of netting for distribution to farmers. Preference will be given to farmers experiencing bird damage, farmers with experience in netting and farmers growing crops that can be successfully covered with netting. To complete the grant requirements we need to follow up on the results of the netting.

Name of Farm: _____

Name of Farm Contact: _____

Email: _____ Phone #: _____

Location of Farm (town): _____

What Crop Netting will be used for:

Have you used netting for protecting crops? Yes ___ No ___
